## **V O L U N T E E R**

### **It all begins with you - the voter**

Joel can define the issues and tell you in detail how he stands on them.

Joel is a writer and he has studied the issues facing us.

Joel will stand strong against the tide of Progressive policies that is overwhelming us, even if he has to stand alone, before others feel it is safe to raise their heads and join him.

Joel will tell you that Liberty is his main concern.

But, with all that Joel can do, he cannot get to Nashville unless he has your financial support to mount a campaign that will reach the voters.

He cannot get to Nashville unless he has volunteers who will work for our campaign to safeguard our Liberty.

The Campaign needs -

- volunteers who will place lawn signs,
- volunteers who will go door to door and greet people and hand them our Pamphlets,
- volunteers who will speak to as many people as they can and make them aware of our campaign, and get them to contribute to the campaign - either financially or as a campaign helper.
- people who will arrange to have him speak in front of groups.
- will need people who will volunteer to be outside of the polling places on November 8th, 2022.

Joel may be the candidate, but it is your campaign - ultimately it is your Liberty
